PIE RATS WILL SOON BE INVADING HOMES EVERYWHERE

BELMONT, NH - The **Wild East Game Company** is excited to announce the Kickstarter launch of its newest game ***Pie Rats of the Carob Bean Farm***, a family-friendly card game. The official launch date on Kickstarter.com for Pie Rats is March 31, 2016. The Kickstarter campaign will run through May 1st.

The initial deck will allow 2-4 players, as rat captains, to build a crew, lure crew members away from other rat captains, and loot the pies from the farmer's wife - which is the ultimate goal of the game. Game play lasts approximately 30-45 minutes. An expansion deck is available that will allow game play for up to 6 players.

A clever game with a witty name - easy to learn, well thought-out, and really fun to play! Very "charming"! - Tim Moreau, Laconia, NH.

"I like the puns and the artwork is adorable." - Brian Bollinger, Belmont, NH.

To be a part of the Kickstarter campaign and to be one of the first people to own this game go to **WildEastGames.com/PieRats**.
